Page 18, line 18.5, INSERT New Finding of Fact: "Although Valle Verde Water Company is located in the Santa Cruz Active Management Area, and will be required to comply with the conservation goals and management practices of the Arizona Department of Water Resources ("ADWR"), we believe it is in the public interest for the Company to act beyond the minimum requirements. In light of the need to conserve groundwater in Arizona, we believe it is reasonable to require Valle Verde Water Company to address conservation and submit for Commission approval, within 120 days of the effective date of this Decision, at least three Best Management Practices ("BMP's") (as outlined in ADWR's Modified Non-Per Capita Conservation Program). The BMPs shall generally follow the templates contained on the Commission's website. A maximum of two of these BMP's may come from the "Public awareness/PR or Education and Training" categories of the BMP's. The Company may request cost recovery of actual costs associated with the BMPs implemented in its next rate case."

Page 24, line 3.5, INSERT NEW ORDERING PARAGRAPH:
